PARK FILM OFFICE
City of Los Angeles, Department of Recreation and Parks
4730 Crystal Springs Drive, (Mail Stop 664)
Los Angeles, California 90027
Telephone: (323) 644-6220 Fax: (213) 847-6056

Film Production Guidelines

Welcome to the City of Los Angeles, Department of Recreation and Parks (Department). In our partnership to protect the environmental integrity of our parks the Park Film Office is providing guidelines to ensure a safe and successful film shoot. Please review and provide copies of these guidelines to the appropriate responsible persons. Thank you for the continuous use of our parkland.

- Vehicles and/or heavy equipment are not allowed on turf areas unless prior approval is given by the Park Film Office.
- Production companies must provide their own restroom and trash receptacles. The City dumpsters and trash cans cannot be used so all self-generated trash has to be removed and disposed of off-site.
- Film permits do not provide exclusive use of a park or recreation area.
- Service roads, parking lot driveway access, handicap or electric vehicle designated parking stalls may not be blocked or restricted. Emergency vehicle access lanes must be maintained in parking lots and park streets at all times.
- Due to underground plastic irrigation lines and trees having shallow root systems, staking or drilling into turf, rocks, trees or asphalted areas is not permissible unless prior approval is given by the Park Film Office. This approval will be noted in the permitted guidelines.
- Locked park gates can only be accessed by a Park Film Office Monitor. Security of open gates must be provided by the permitted company. Any equipment that is permitted to stay overnight must be guarded by the permitted company's security group.
- Alterations to natural or manmade surroundings or content of the park are not permissible unless documented in these specific guidelines. The permit holder is financially responsible for all remediation should there be any damage or unauthorized alteration to Department property. The remediation and cost of will be determined by the Park Film Office.
- A Park Film Office Monitor(s) may be assigned to the permitted location. Their job is to ensure guidelines are followed, liaison between park patrons, other City employees and a communication link between Permitee and the Park Film Office for any additional needs or authorizations. When the Park Film Office is closed the Park Film Monitor has the authority and

NOT A PERMIT

responsibility to modify these guidelines within the parameters given to them by their supervisor. The Park Film Monitor has access 24/7 to contact their supervisors if needed. The Permitee will be required to adhere to the instructions, restrictions and requests given by the Park Film Monitor.

- Smoking is prohibited on all Department properties. An exception has been made for permitted film production companies to smoke in areas that are designated by the Fire Safety Officer or Park Film Monitor. If a Fire Safety Officer or Park Film Monitor is not assigned to the Permitee there will be no smoking with the exception of an actor smoking while performing or as part of the scene.
- A designated smoking area may not be near any patron activity or facility. Large buckets of sand or water must be placed in this area for disposal of tobacco or tobacco related products. The designated smoking area may be revoked or not allowed depending on weather and location conditions. Failure to comply with the smoking restrictions may result in a fine.

WATTLES PARK

- Company must provide signs to notify the public of the filming activity including dates and times.
- May not remove any trees from the park. Must work around existing landscape.
- OK for stunt person to climb tree with a sling and spiked boots.
- OK for high line in tree.
- OK to use a Chapman Crane w/ tires and an arm and place on the grass with plywood.
- OK for man lifts on the grass with plywood.
- OK to build a ramp for the curb if necessary.
- Must use plywood to protect turf at monitor's discretion.
- May not block or restrict access into the park or the service road.
- Company is ok to rope off film section of park only and the company must establish a safe walking route around equipment for park patrons.
- Company ok to relocate sandbags as to not obstruct pedestrian path.
- OK for zip line and must use protection for the trees.
- Company is ok to prune dead prongs only with a certified arborist or tree specialist.
- OK to smooth out trunk of Palm Tree from pineapple down 12-15ft.
- OK to tie silk screen to trees with protection.
- OK for camera on sticks.
- Company will re-sod grass area as determined by PMS or Field Supervisor.
- NO driving on or across the grass without plywood.

NOT A PERMIT

Wattles Mansion

- Company must provide signs to notify the public of the filming activity including dates and times.
- OK to dress windows inside the Mansion.
- Inside window dressing may use pressure poles to hang drapery **ONLY.** No holes of any kind are to be drilled nor are any existing holes to be used. **Wattles Mansion is a Historical Landmark.**
- Company is ok to trim low hanging branches with a certified arborist or tree specialist along the road entering via Sierra Bonita.
- OK to park trucks in the dirt lot and along the side of the mansion.
- OK for camera platform 5x5x18ft tall on the brick.
- OK for a 6x6 platform and ok to attach the platform to the trellis for stability.
- OK to remove and replace T-bar gate at the Curson entrance.
- OK for crane placement in woodchip area behind bench off of Sierra Bonita entrance.
- OK to remove and replace 2 park benches below lawn area.
- OK to use movie plaster or rebar on edge of balcony.
- OK to tie silk screen to trees with protection.
- OK for camera on sticks.
- OK for POV on grass at entrance to mansion (just off Curson at main entrance).
- OK to use a 3x3 prop tree trunk on grass area at main entrance to Mansion off Curson. Ok to secure tree trunk with 6 inch stakes maximum.
- Company will re-sod grass area as determined by PMS or Field Supervisor.
